## TARGETING ESSENTIAL PRODUCTS AND SERVICES

Favored companies in a growing global economy provide or guide essential products and services, such as consumer goods and services, energy, healthcare, technology, materials, and industrials.

## FOCUSED, RESEARCH-DRIVEN INVESTMENT APPROACH

Companies must pass our rigid screen and demonstrate:

- Dividends that have risen consistently and significantly, year after year, for a decade or more.
- > Consistent growth of earnings that provide the ability to pay and grow dividends.

Proprietary research, complemented by Wall Street analyses and conversations with management, evaluates:

- Company growth rates and financial strength.
- Consistent earnings growth across economic cycles.
- Evidence of strong leadership.
- Growing, global brands and exposure.
- > Transparency.
